General provisions:

1. The suspension, withdrawal, or revocation of a participant from the green certificates markets does not exempt the parties from fulfilling the obligations undertaken up to that date.
2. OPCOM sets and publishes on its own website the tariffs applicable for the following year / or modified during the application period, at least 15 days before their application (before the date on which the new tariffs enter into force).
3. Modification of tariffs during the tariff period (t):
 - 3.1. OPCOM may modify the value of the tariffs applied within the tariff period (t), in accordance with the approval decision of the Board of Directors. The established tariffs shall be published at least 15 days before their application (before the date on which the new tariffs enter into force).
 - 3.2. OPCOM applies the modified tariffs starting from the first day of the month following the month in which the modification occurred. In this case, OPCOM issues adjustment invoices for the administration tariff corresponding to the tariff period t, reflecting the modification. The difference resulting from the adjustment shall be paid within a maximum of 5 (five) working days from the date of receipt of the invoice, as follows:
 - if the adjustment amount is positive, it shall be paid by the participant;
 - if the adjustment amount is negative, it shall be paid by OPCOM.
4. Invoices are issued and transmitted in electronic format, in accordance with the applicable legal provisions.

The authenticity of origin, integrity of content, and readability of the electronically issued invoice are guaranteed by OPCOM S.A. through electronic signature and the assignment of a specific internal series and number, in accordance with the law.

Upon the participant's request, OPCOM S.A. shall provide or send the invoice in printed format. The costs of sending the printed invoice shall be borne by the participant.
